Dear Sir:

In reviewing the Patent Term Adjustment calculation available on the PTO's PAIR webpage (copy enclosed), the following errors were noted:

a. Error in Patent Term Adjustment:

The Issue Notification for the above captioned application indicated that the Patent Term Adjustment will be 52 days, assuming that the patent issues on July 20, 2004. A copy of the Issue Notification is enclosed. Based on the following, this appears to be in error.

Under 35 U.S.C. 154(b)(2)(C)(ii) and 37 C.F.R. 1.704(b), the period of adjustment (credits) shall be reduced for the period in excess of 3 months taken to reply to any PTO notice or action making any rejection, objection, argument, or other request, beginning on the day after the date that is 3 months after the date of mailing or transmission of the Office communication and ending on the date the reply was filed.

The Applicants filed an Amendment, IDS, and RCE on November 18, 2003 in response to a May 20, 2003 final rejection. This corresponds to a delay of 68 days after the three month period for response that ended on August 20, 2003. This 68 day period has not been debited from the 145 day credit for USPTO delay. This appears to be in error.

Attorney Docket NC 80,245
Application Serial No. 09/845,111

As the USPTO calculation of 52 days is less than the 68 day period of delay, it appears that no Patent Term Adjustment is due for this patent.

Accordingly, please find enclosed a Certificate of Correction showing the zero days of Patent Term Adjustment for this patent. Entry of this Certificate of Correction is requested.

b. Error in PAIR database:

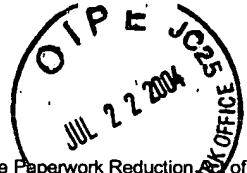

It is also noted that both the Patent Term Adjustment History and the File History sheets available through the PAIR system indicate that the RCE was filed on November 28, 2003. This is incorrect. As shown on the accompanying date-stamped receipt postcard, the RCE was filed on November 18, 2003, together with an IDS and Amendment. Correction of the PAIR database is respectfully requested.

The attached fee transmittal sheet authorizes the Commissioner to charge the \$130 fee for this petition to Deposit Account 50-0281. The errors in the issued patent are due to a miscalculation by the U.S. Patent and Trademark Office, therefore, no fee is believed to be due for the Certificate of Correction. However, the Director is authorized to charge any fee that may be due, or credit any overpayment, to Deposit Account 50-0281.

Respectfully submitted,
